

An important announcement about the Cook and Taste event

I hate to be a Fungophobe : (

In the interest of the safety of Annual Foray attendees, and (mostly) liability issues, the NMMS will not schedule a club-sanctioned Cook and Taste (usually a Saturday evening event, just before dinner).

However, the Golden Eagle Lodge has an outdoor BBQ area where guests can convene, socialize, and use the grills or portable (“Coleman”) stoves that they bring. Also, the lodge has a small kitchen area with a stove/oven (though, I’m not sure if the caterer will be using it).

Be safe and know your mushrooms!
