

An important announcement about the Cook and Taste event

I hate to be a Fungophobe : (

In the interest of the safety of Annual Foray attendees, and (mostly) liability issues, the NMMS will not schedule a club-sanctioned Cook and Taste (usually a Saturday evening event, just before dinner).

However, the Sagebrush Inn has an outdoor BBQ/patio area where guests can convene, socialize, and use portable (“Coleman”) stoves that they bring.

Your culinary interests are welcome, but remember to
be safe and know your mushrooms!

Please BYO cooking gear, share, and enjoy.
